

Goal of Sanai for Child Nursing

『compassionate child』

1. Love your neighbor as you love yourself. (Bible)
2. Do to others what you want them to do to you. (Bible)
3. Nourish capacity of children in accordance with their age and level of growth so that they will be able to think and behave themselves as members of society in the future.
4. Through a warm relationship with each other and with staff, we support children in their mental balance and self-reliance in the society.

Characteristics of Sanai

1. Small Scale with capacity of 35 children, living in a small group led by one care worker is the basis of Sanai.
2. In a rich natural environment, we maintain children's mental balance and support their self-reliance.

Foundational management policy

1. Seeking enhancement of institutional management and child nurture through Christianity as the Spiritual pillar.
2. Enhancement of child nurture and working conditions for staff by placing one leader for each group and taking mixed age group approach.
3. Consistency of Child Nurture
4. Cooperation with local community

Please pray and support our first foster care family home “Akane no Sato”!

We are opening up our first Foster Care Family Home called Akane no Sato which is located in a forest area of Yorii town near Sanai. The family home can provide children with more family like atmosphere. There will be a mature couple taking care of daily lives and self-reliance of the children.

Why we want to manage the home as part of the corporation is because:

- Foster care can help children to have more stable and intimate relationships with care takers.
- When the caretakers are retired, the corporation can find other experienced caretakers to sustain the home to continue supporting children in need of special care.
- With support from the corporation, the home can provide services to children and families in the community, especially raising children with developmental difficulties.

The home is in a beautiful forest are, but very far from schools that the children will go. That is why we are raising fund to buy a vehicle that the home can use for the children.
